RE: ANNUAL ALABAMA SEED DEALER RACK DISPLAY PERMITS

The Legislature of Alabama of 1963 enacted a State Seed Law (Act. No. 424, which became effective on January 1, 1964). Section 2-26-5b (Code of Alabama 1975) of this law requires each person engaged in selling seed at retail in closed containers or packets of eight (8) ounces or less, displayed on a rack, to pay an annual permit fee of Five Dollars (\$5.00) for each such rack display.

An application for Seed Dealer's Rack Display Permit(s) required by the State Seed Law for each location must be completed and returned to this office by January 30, 2007, after which time a delinquent payment penalty of 10% will be assessed. A check for permit fees should be made payable to the State of Alabama Department of Agriculture and Industries.

Should you have questions, please call Pat Burgess at (334) 240-3711.

Mail your completed application(s) and fees to:

Alabama Department of Agriculture & Industries
